Edited by Jeremy Girard HTML to PDF ConverterA free online converter that will take any URL of a web page that is live on the web (without a password in front of it - this will not work with password protected / secure pages) and convert it to a PDF file that is downloaded to your computer.. A two-line footer is generated at the bottom of every page of the PDF (in my test case it over-wrote some of the page contents).. More »Total HTML ConverterThis is a Windows program that you can use to convert web pages by URL or batches of HTML documents on the command line to PDF.. There is also a preview window so you can see what file you're going to convert before you convert it.. There is a free trial The full version costs around \$50 I recommend checking out the free trial to see how this option works for you. e10c415e6f
